Principal: Kerrie Heath

Dear Parent/Carer,

The Campbell High School maths program uses the Pearson Mathematics textbook. It is important that students have a copy of this textbook at home to study with.

The school can offer a yearly online subscription to the textbook for \$5 per student. Hard student book is also available from <http://www.pearson.com.au/educator/secondary/browse-resources-online/pearson-mathematics-7-10/print-resources/> but are considerably more expensive.

Please fill out the slip below, and return along with payment, to the front office to be issued with the digital textbook for the year. Please do this by the end of week 3 (17th February)

If you have any further questions, please do not hesitate to contact me on 61423185 or via email caitlin.horan@ed.act.edu.au

Sincerely,

Caitlin Horan
Mathematics Executive Teacher

A yearly online subscription of \$5 for the Pearson Mathematics textbook
