17<sup>th</sup> February 2020

Dear Parents and Carers,

## 2020 Australian HaSS Competitions

Once again Campbell High School is organising for students to enter a range of national HaSS competitions. The school encourages all extension HaSS students to participate in at least one of these competitions. Other students may also choose to enter a competition/s. Each activity can be used towards the Challenge Award. These competitions provide an opportunity for students to gain a measure of their own achievement in an external assessment situation that applies across the country and overseas. All students who enter will receive a certificate of achievement/participation and a detailed, diagnostic letter of their results for each competition they complete. Practice/sample questions can be found at <https://www.geographycompetition.org.au/> for the Australian Geography Competition and <https://australianhistorycompetition.org.au/> for the Australian History Competition.

All competitions are held at school under teacher supervision. Details for these competitions are:

Competition	Payment Due	Competition Date	Cost
Australian Geography Competition	Monday February 24th	Tuesday March 24th	\$4.00
Australian History Competition	Monday March 30th	Tuesday June 2nd	\$7.00

Please note: Entry costs can be paid for individually or collectively to the finance office at school. As this is an optional activity, the payment will be required to cover the costs. If the school is unable to cover the costs, the school may not be able to provide the activity. Individual contributions are confidential. Please note the specific date for the competitions your child will be entering. Please contact the school if you have any questions.

Bryce McErlain (HaSS Competition Coordinator)

Steve Collins (Principal)
