

Campbell High School

An ACT Government School
Acting Principal: Steven Collins
"Aspire Achieve Connect Respect"

Dear Parents and Carers

Campbell High School is committed to providing a technology rich environment for our students as our community believes the use of Information and Communication Technology (ICT) is fundamental in assisting teaching and learning in all areas of the school curriculum.

Campbell High School has adopted *Google Suite* (formally *Google Apps for Education - GAFE*) as a cornerstone of teaching and learning. The Google Suite environment is a host of applications available to educational institutions which allows staff and students to create, share and collaborate in an online space where the school can monitor usage. *Google Classroom* allows students to access an online learning platform where teachers are able to post assignments, resources used during lessons and links to relevant websites. It also allows parents/guardians to get email updates about the work their student is doing in class.

Google Suite provides the new student email service. This email service is hosted on our SchoolsNET domain, enabling better security and oversight. Additionally, the Education Directorate has a new licensing agreement with Microsoft. Once you have consented to access, students are able to download the latest version of Office Pro Plus completely free on up to 5 personal computers or devices.

As both *Google Suite* and *Microsoft Office 365* require some student personal information in order to provide the service, and as that information will be stored in a location outside of the Education Directorate; we seek your consent to provide access for your child.

The Student Privacy Information sheets are available at:

http://www.det.act.gov.au/teaching_and_learning/learn-anywhere-ict-for-students/resources-anywhere-digital-backpack

They provide clear information on any student data that may be collected by these services, how the data is stored, used and deleted. You will also find many answers to frequently asked questions at this location. Additionally, we seek your consent to allow your child to access services sourced from third party providers. Teachers make decisions to use sites which they believe are beneficial to learning. Such sites include services which allow online content creation, collaborative tools, educational games and administrative programs for tracking student assessment data. Sites selected by staff are listed on the consent form. Full details of each site including privacy information is available on our school website. If a teacher would like to use sites other than those listed you will be informed via the unit outline at the beginning of each semester or a separate permission note with full details during the term. Not all classes will access third party services.

The Google tools are being utilised widely throughout the school. We would appreciate the return of consent forms as soon as possible to allow new students access to this platform. Please contact Morgan Pyner (morgan.pyner@ed.act.edu.au) if you have any questions about these exciting opportunities.

Yours Sincerely,

Steve Collins
Acting Principal

Campbell High School

Google Suite Permission Form

Student Name:	
Parent or Guardian's Name:	

- I (please circle) **consent** | **do not consent** to the use of **Google Suite** for my child.
- I (please circle) **consent** / **do not consent** to the use of **Microsoft Office 365** for my child.

I acknowledge that my child must act in accordance with the Acceptable Use of ICT Agreement when using Education Directorate systems, including the use of the Directorate's systems outside of the school.

Parent/Guardian's Signature: _____ Date: _____

Third Party Permissions: Full Information about each site is on the school webpage ***If you are consenting to all third party permissions – circle the whole column, rather than individual consent for each***
