Sign in to to remote learning each morning:

Each morning your contact teacher will have set for you a 'question task' on your contact/COMPASS Google Classroom that you will need to submit as if you were signing each day for contact.

If you do not submit this to your contact teacher, you will be marked absent from remote learning for that day. This needs to be completed by 10.30am each day.

Your teachers will remind you during the first period to sign in through your Contact/COMPASS Google Classroom each morning.
